About

My name is Mark Drewry, and I am a student going to the University of Florida who is graduating in the spring of 2022. In addition to the work done in class, internships and projects have given me experience with the agile methodology, learning new tools, and team collaboration.

Education

University of Florida, College of Engineering:

Major: Computer Science
Minor: Communication
GPA: 3.35
Expected Graduation: Spring 2022

Relevant Courses:

Operating Systems
Computer Organization
Data Structures and Algorithms
Software Engineering

Work Experience

JP Morgan Chase & Co. SWE Intern (Tampa, FL)   June 2021 – August 2021
- Worked with team to modernize a global payments application.
- Assisted in development of a Java Spring Boot backend & React frontend.
- Created a hosting location in the Kubernetes platform to host a Java Spring Boot backend.
- Gained experience with Spring Boot, the Kubernetes platform, unit testing with Junit, Mockito, Jest, and the react testing library

GameSetMatch Software Engineer Intern (Jacksonville, FL)   June 2020 – May 2021
- Collaborated with the product owner and UX designer using Agile (Scrum) methodology
- Developed the backend and database of the application using Google Firebase & React
- Responsible for developing, implementing, and maintaining a fully functional webapp that creates, and manages tennis leagues and tournaments for recreational tennis players.

Skills

- **JavaScript:** React, Node, Jest
- **Java:** Spring Boot, Junit, Mockito
- **Other Languages:** HTML, CSS, Python, C++
- **Software:** Git, Firebase, Kubernetes, MongoDB

Projects
